Descriptive Summary

Title: Stephen M. Cabrinety Collection in the History of Microcomputing,

Date (inclusive): ca. 1975-1995

Collection number: Special Collections M0997

Creator: Cabrinety, Stephen M.

Extent: 815.5 linear ft.

Repository: Stanford University. Libraries. Dept. of Special Collections and University Archives.

Language: English.

Access

Access restricted; this collection is stored off-site in commercial storage from which material is not routinely paged. Access to the collection will remain restricted until such time as the collection can be moved to Stanford-owned facilities. Any exemption from this rule requires the written permission of the Head of Special Collections.

Publication Rights

Property rights reside with the repository. Literary rights reside with the creators of the documents or their heirs. To obtain permission to publish or reproduce, please contact the Public Services Librarian of the Dept. of Special Collections.

Preferred Citation

[Identification of item], Stephen M. Cabrinety Collection in the History of Microcomputing, M0997, Dept. of Special Collections, Stanford University Libraries, Stanford, Calif.

Acquisition Information

Gift of Patricia Cabrinety and Lawrence Cabrinety, 1998 and 1999.

Biography

Stephen Cabrinety (born Aug. 4, 1966) was Director of Development of Superior Software, Inc. He founded the non-profit organization, the Computer History Institute for the Preservation of Software (C.H.I.P.S.) in 1989. His dream was to permanently locate his collection where it could serve as a museum, an educational tool and an archive for scholarly research. He died on Oct. 4, 1995.

Scope and Content

Collection contains software, computer hardware, peripheral devices, hand-held games, and computer industry literature documenting the microcomputing gaming industry during its formative years.

Series 1 **Software**

Access Restrictions

This collection is stored off-site in commercial storage from which material is not routinely paged. Access to the collection will remain restricted until such time as the collection can be moved to Stanford-owned facilities. Any exemption from this rule requires the written permission of the Head of Special Collections.

Subseries 1.1 **Communication software**

- Box 114 **ABT Microcomputer Software Data Trans : Microcomputer software for automatic telecommunications and data transfer for the Apple II+ and IIe by Mingche M. Li, n.d.**
 Physical Description: computer disk ; 5 ¼ in. Apple
- Box 163 **Access Software, Inc. Countdown, 1990**
 Physical Description: computer disk ; 5 ¼ in. DOS
- Box 177 **Access Software, Inc. Mach 5, 1985**
 Physical Description: 1 computer disk ; 5 ¼ in. & computer cassette Commodore 64/128
- Box 177 **Access Software, Inc. Mach 5, 1985**
 Physical Description: 1 computer cartridge Commodore 64/128
- Box 54 **Activision, Inc. Postcards, 1987**
 Physical Description: 1 computer disk ; 3 ½ in. Macintosh
